

Sneek's is a private airstrip operated by Duane "Sy" Sneek. It is located 6 miles south of Freeport, and 2.2 miles west on Prairie Dell Road (gravel).

Sy is a homebuilt ultralight flyer but also enjoys watching R/C aircraft. The facility has electricity in a large hanger, a camping area, shower, and portable toilets.

The taxi-way leads west from the hanger to a beautiful ½ mile grass runway running due north and south.
